Revenue by CustomerID

A world map with a light gray background and white landmasses. The map displays the global distribution of data points represented by teal-colored circles. The size of each circle indicates the magnitude of the data at that location. The largest cluster of circles is located in Europe, particularly in Western and Central Europe, where several large circles overlap. Other significant circles are found in North America (USA), South America (Brazil), Africa (South Africa), Asia (China), Australia, and various locations across Southeast Asia and the Middle East. The map includes labels for major continents (NORTH AMERICA, SOUTH AMERICA, AFRICA, EUROPE, ASIA, AUSTRALIA) and oceans (Arctic Ocean, Pacific Ocean, Atlantic Ocean, Indian Ocean). In the bottom left corner, there is a Microsoft Bing logo. In the bottom right corner, there is copyright information: "© 2023 TomTom, © 2023 Microsoft Corporation, © OpenStreetMap".
